

Greetings Omer Delivery Vehicle Drivers—

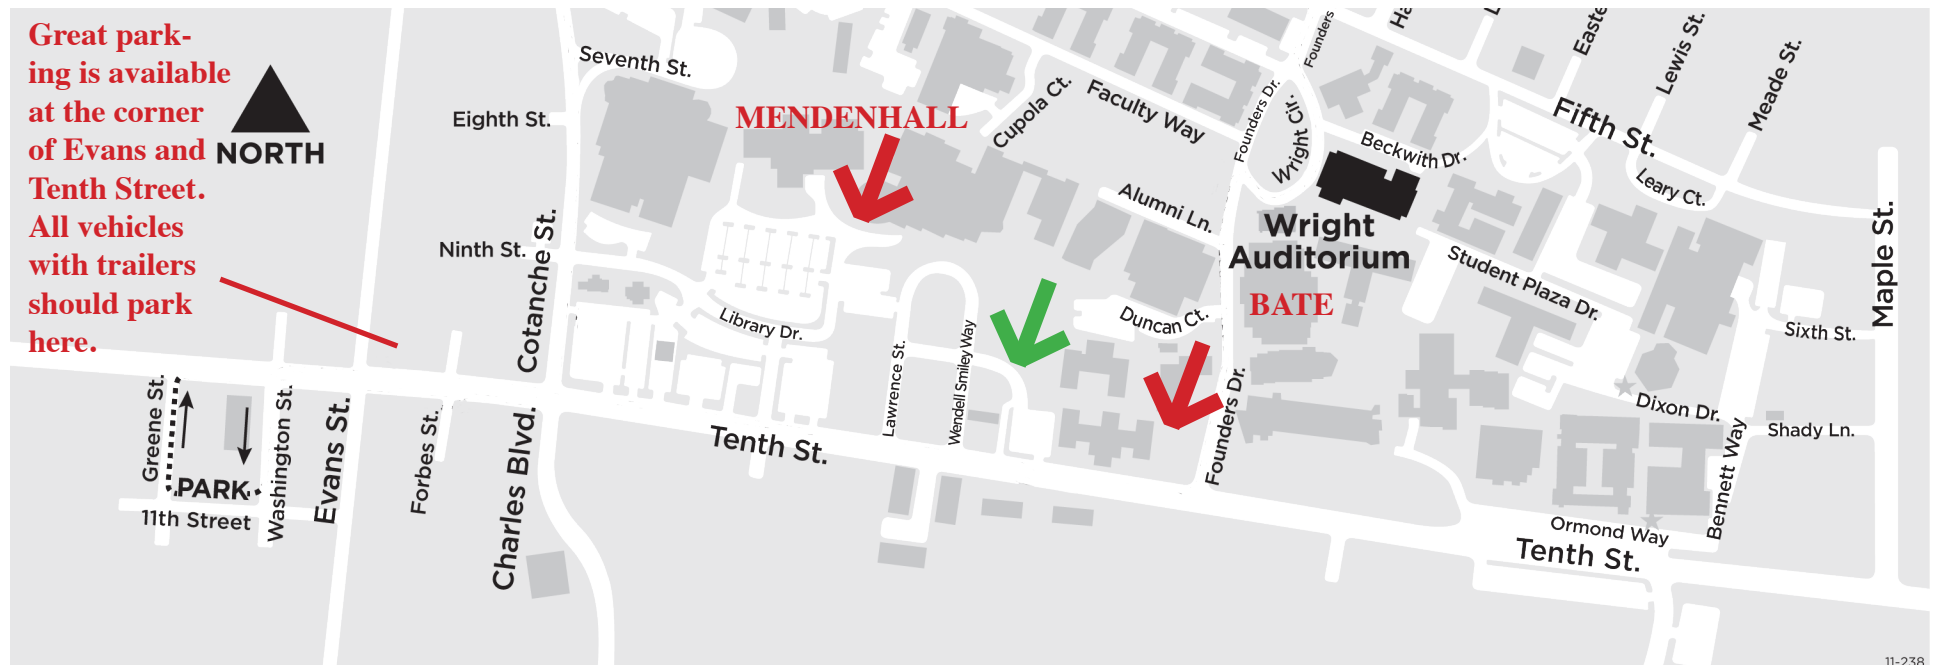

We have ten minute loading/unloading locations available for you on campus.

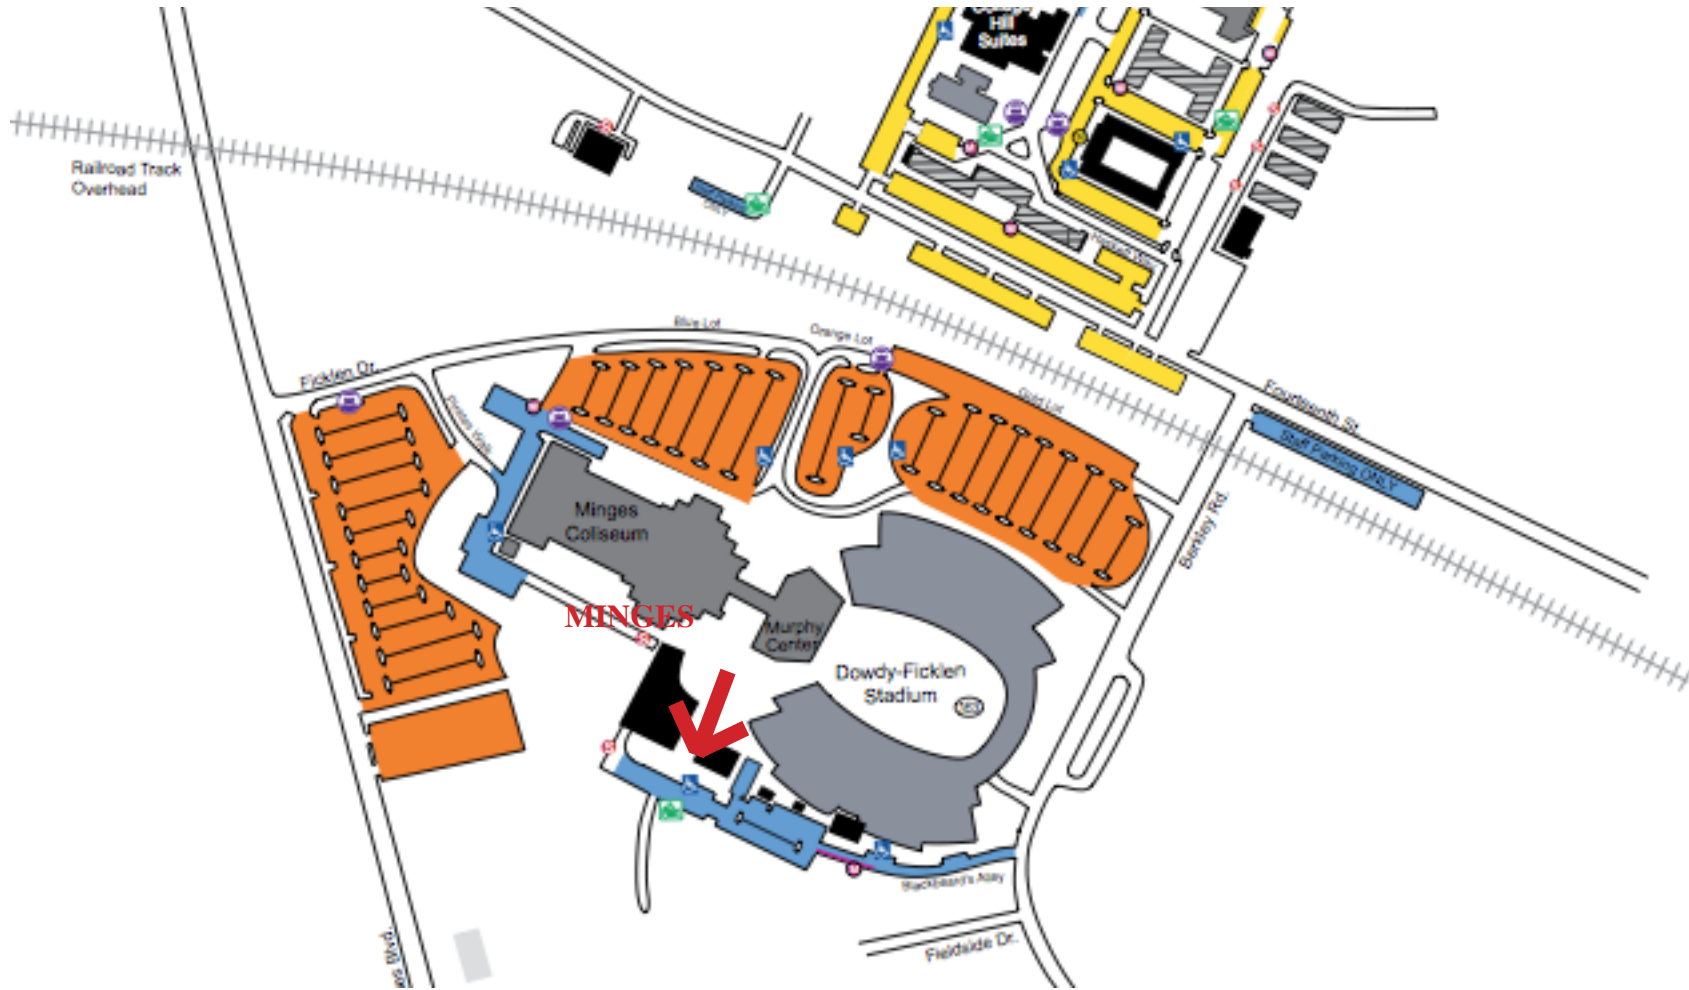

Serving the Bate Building (Problem 3: Classics D2 and D3, Problem 5: It's how you look at it), there are two locations. Entering campus at Founder's Drive from Tenth Street, the first turn to the LEFT leads into a compact warehouse parking lot. If you aren't McGyver with your trailering skills, DO NOT ENTER THIS. No trailer? This is the closest

location to Bate. If you have a trailer and hate backing up, head to the green arrow. Unload curbside between Jones Hall and the white Blount House, home of the ECU Police. There is no street name for this site.

Serving Mendenhall (Problem 3: Classics D1, Problem 2: Email), pull up curbside near the loading zone. This site has no street name.

Plan on parking all trailers at the corner of Tenth Street and Evans. It's a short walk back to campus. Starbucks is across the street.

Competing in Problem 1: Pet Project or Problem 4: Tumble Wood?

Turn onto Berkley Road from Fourteenth Street. Pass the stadium and turn onto Blackbeard's Alley. Unload at the arrow. Very likely, a service road will be open, allowing you the delight of pulling forward, past the baseball facility and through a parking lot (in which you may not park) that leads to Charles Blvd. Turn right onto Charles, then park in the lots off of Ficklen Drive. (If you've gone under the railroad overpass, you've gone too far.)
